George Ervin Jordan

Opal Jordan was called to Elko, Nevada, because of the illness of her little 2-month-old granddaughter, Jennifer, daughter of Mr. and Mrs. Glade Jordan. She brought the baby and its mother to Eureka, to the other grandmother's, Mrs. Rachel Hennifin's home and she took them to the Utah Valley Hospital where her doctor operated on little Jennifer for a hernia. She is now again at Eureka and mending nicely. Her brother, Paul came to Utah to see her. He had received a short leave from Ft. Leonard Wood to come home as his wife, leaving her work and driving her car was hit broadside.. She received cuts, stitches and bruises, the car was demolished.
